Stewarding the Shift

What Readiness Looks Like for Your Mission

DATE	TIME	WHERE
Saturday, November 21, 2026	11:00 to 11:45 a.m. Eastern	Zoom

AI is already showing up in mission-driven and faith-based organizations, officially or unofficially. When it arrives without a plan, the weight often lands on the people who hold the mission together. This session walks boards, executives, and ministry and nonprofit leaders through what readiness looks like, so you can retain your best people, protect the trust you've earned, and reduce risk in the age of AI.
